

# JOHN G. EBERLY

1 Fairfax Court; Midland, Texas 79705  
phone: (432) 687-1837 email: john@jeberly.com

Creative, hard working, and dedicated professional with experience in many facets of the architectural profession. Graduated December 1992, with a professional bachelor of architecture degree, architectural history and historic preservation specialization. Special interests are in sustainable design (LEED Accredited Professional), historic preservation, public policy and photography. Knowledgeable in both manual drafting and many computer skills including AutoCAD. Skilled on both PCs and Macs running a wide range of software programs including web design and publishing.

## EMPLOYMENT

### PROJECT MANAGER

Rhotenberry Wellen Architects

**2004 to Present**

Midland, Texas

Responsible for a wide range of projects for regional design oriented firm. Projects include retail developments, high end client residences and executive offices. Personal duties included assisting directly the two firm principals, initiating client /contractor communications and meetings, development of construction documents, specification writing and construction administration.

### PROJECT COORDINATOR

VLK Architects, Inc.

**1996 to 2002**

Arlington, Texas

Architectural tasks included the inspection and approval of shop drawings and submittals, the assisting of job site inspections, and attending construction meetings. Work on construction documents included: the specifying of location, size, and details; checking, reviewing, and cross-checking of all related documents for accuracy, completeness and clarity; assisted in the coordination of all related documents; and the reproduction and assembling of the finished documents. Duties also included the development and preparation of schematic studies, preliminary designs, and developmental drawings. Projects included a wide range of school construction projects (pre-kindergarten to collegiate).

### INTERN ARCHITECT

MWM architects, inc.

**1993 to 1996**

Midland, Texas

Projects range from surveying existing conditions to tenant leases and commercial to residential construction. Work also included extensive American's with Disabilities Act review and compliance surveys.

### INTERN ARCHITECT

Vandergriff Group Architects and Planners, AIA

**1993**

Midland, Texas

Performed tasks ranging from design development and construction documents to cost estimating and general office tasks.

### ARCHITECTURE TECHNICIAN

Historic American Engineering Record (HAER) - National Park Service

Worked with architects, historians, and photographers to produce detailed measured drawings that documented historically significant sites, including their industrial processes. To produce the drawings, archived drawings were collected as well as on-site sketching and measuring, field photographs, and personal contacts with workers and other employees. The completed drawings conformed to *The Secretary of the Interior's Standards and Guidelines for Architectural and Engineering Documentation* (HABS / HAER standards governing accuracy, quality and suitability for reproduction). The drawings were deposited in the Library of Congress. Performed other routine office functions.

#### **Mon Valley Steel Heritage Project**

The Monongahela Railway Company

**06/1992 to 09/1992**

Homestead, Pennsylvania

Documented the South Brownsville Maintenance and Repair Yard of the Monongahela Railway Company.

#### **Historic Mining Initiative Recording Project**

Joshua Tree National Monument

**06/1991 to 09/1991**

Twenty-nine Palms, California

Documented three historic hard rock milling operations, including the two stamp Wall Street Gold Mill.

#### **BethForge Recording Project**

Bethlehem Steel Corporation

**06/1990 to 09/1990**

Bethlehem, Pennsylvania

Documenting the forge division of Bethlehem Steel. Worked mainly on Treatment Shop Number 2.

# JOHN G. EBERLY

## OTHER EXPERIENCE

Summer laborer for M.R. Lary, Inc.; Midland, Texas for the summer of 1989. Assisted contractor in building houses. Duties included cleaning-up the sites, yard work, and interior finishing work. Performed other various tasks for contractor.

Participated on a team for the Historic Preservation League of Dallas, Texas, during the spring semester of 1991, to produce detail drawings of the F. A. Brown farmstead that conformed to HABS / HAER standards. Drawings were submitted for the Charles E. Peterson Prize and entered into the HABS/HAER Collection of the Library of Congress.
